08/02/24 filing (Habeas corpus complaint) on my own

my name is Dayshawn Beckham, 1394471 date of birth (June 7th 1996) I am filing the Habeas corpus writ/complaint to be released from confinement of my current pending criminal charge First-degree murder (20cr206428-590) as pro se Plaintiff, No Jury, and I name the defendant's as follows: Gary L McFadden, Mecklenburg County Jail, Mecklenburg County, the Superior Court of Mecklenburg County.

### Background Story

I have been detained for First-degree murder (20cr206428) since Feb, 19, 2020 as a potential suspect, not as the perpetrator and there are no evidence that shows I am involved in the incident altogether. A motion for speedy trial was filed on March, 16, 2021 and I entered a not-guilty plea on Feb, 25, 2021. My demand for speedy trial was never answered and I was never released after the two trial terms was past and on or about May, 11<sup>th</sup>, 2023 a motion to modify terms and condition of release was filed because of my fifth, sixth and fourteenth Amendment state and federal constitutional right to a speedy trial and due process was violated. Again the court's never answered the motion for modified terms and conditions of my release and I never asked or known of any continuances that was filed in the entire case.
